Deborah Brosnan & Associates introduces two new Project Managers and technical experts to its growing team:

**Joshua Chapman**, Project Manager

Based in our Washington D.C. office, Josh is Lead Project Manager for several U.S. and international efforts. Prior to joining us, Josh worked for 12 years as an environmental specialist and project manager at Maryland Environmental Service. He brings extensive experience in large scale environmental project management and compliance across a diversity of efforts, including environmental compliance, mitigation and technical projects related to dredging and harbor development, in addition to drilling, geo-technical analysis, transportation, and invasive species efforts for the State Highway Administration. Josh is a graduate of Virginia Tech where he received his B.S. in environmental policy and planning. Josh can be contacted at [chapman@deborahbrosnan.com](mailto:chapman@deborahbrosnan.com) Tel 1.202.578.2348.

**Geneviève Renaud-Byrne**, Field Manager/Scientist

Based in our Antigua office, Geneviève is Field Manager/Scientist for several Caribbean efforts. Prior to joining us, she worked as a project coordinator for the Department of Environment in Antigua. Before moving to Antigua, she was the Climate Change communications officer with COINAtlantic for the Eastern Canadian Assessment on Climate Change. Geneviève brings her experience in marine science, climate change resilience, communications as well as design and implementation of climate change adaptation projects on Caribbean islands covering climate financing, protected areas, renewable energy, and ecosystem enhancement. She has a Masters in Marine Management from Dalhousie University, Canada, and a BSc Honors from the University of Guelph, Canada. Geneviève can be contacted at [renaudbyrne@deborahbrosnan.com](mailto:renaudbyrne@deborahbrosnan.com) Tel Antigua 1.268.776.4439.
